

January 2, 2026

Dear Parents, Guardians, Students, and Community,

Subject: Moving to a new location/temporary closure

We hope you had a great holiday and would like to wish everyone a Happy New Year! Ours is off to a bit of a rocky start, but keeping in line with No Limit's philosophy and training methods for our students, we won't let anything stand in the way of accomplishing our goals. Our plan was to be in our new facility by the end of the Winter Break and begin the new year in our new location on January 5th. Unfortunately, due to a series of unforeseen events, we will have to be closed temporarily until we can get a new facility up and running. We had hoped for a smooth transition, but sometimes the universe has another agenda. You may have noticed, we did not charge anyone on December 22nd for the month of January, as we believed it would be unethical to take your tuition money and then hold it until we reopened, especially during the holiday season. We attempted to extend our lease holdover for a few additional months and didn't receive the "No" answer until shortly before the holiday. So what does this mean for you?

- 1) We have secured a facility for our competitive team members to ensure they will be prepared for the season. *The team members will be receiving a separate email from our Team Director once we have finished moving and storing the equipment.*
- 2) All recreational programs are on hold until we are in a new building. The coaches will be reviewing all of the students' progress next week and updating skills so you will know which is the correct level class to re-enroll in when we reopen. If your child has passed a level, your certificate will be emailed. No one will be charged and no cards will be processed until we re-open enrollment and you enroll your student back in a class and submit payment. Depending on how quickly permitting goes, as we did during the Covid lockdowns, we are working on the possibility of having some Zoom classes for students to do home workouts to keep up with their training.
- 3) Please stay subscribed to our email blast and follow us on our social sites so you can receive updates regarding the move and other pertinent information.
- 4) The phone number is currently being ported out and it may take up to another week due to the holiday closures, before we will be receiving phone calls again. You can contact us through the info@nolimitlv.com email or on our social sites @nolimitlv.
- 5) All of our students are so very important to all of us and we would be heartbroken to lose even one. You are our extended family and we are sincerely grateful for having the opportunity to work with all of you. We truly appreciate your loyalty and ask that you be patient while we get settled.

- 6) We have been in business for nearly 30 years here in Vegas, and we have no intention of going out of business. We know this announcement was abrupt and on short notice, but we have never experienced such chaos and absurdity in the commercial market. We were truly unable to put out accurate information, because we had a hard time getting the information ourselves and when we did, it would be changed the next day. We cannot apologize enough, but we also know we can only control what we can control.

Sincerely,

No Limit
